

Benedictine Health Foundation's **6th ANNUAL**

SkiBENeFit

We are taking over Plattekill Mountain for a day of **PRIVATE Skiing & Snowboarding!**
THURSDAY, MARCH 7, 2024

How your participation helps our foundation

All proceeds help fund the Benedictine Health Foundation's work to support those struggling with a cancer diagnosis and whose financial means limit their ability to access or receive the care that they need. We provide assistance to Ulster County residents and their families or those from neighboring counties receiving medical services in Ulster County.

Thanks for your support!
